Solutions

ಭೂಥಾಫ್ಫಾಬಾಥ ಭಾಫಾ ಧ್ಫ್ಟಾಬಾ - ಫ್ಥ್ ಫ್ಫ್ರಾಭ್ಭ್ಪ್ ಭೂಫ್ಫಾ:

Me: Properly study about this, spread awareness to others.

My family: I'll plan to go there & assess the situation.

Gurukula: I'll discuss the pros & cons and decide what is right.

Samāja: I'll spread awareness through social media.

Dēsha: I can't do anything in that large-scale. So, the government has to find the problems and a suitable solution. The government, so far, has ignored past threats, & has been only focused on increasing the country's GDP. (Ignoring ... Swamiji)

Deva: I will offer everything to god, and hope for the best!
